

KEMCO MEK Cleaning Agent

Application area

- Cleaning agent for the cleaning of existing KEMPEROL surfaces after work breaks or longer interruptions.
- To clean working equipment
- To clean substrates
- To degrease metals

Features

- Highly effective
- Highly volatile
- Organic solvent
- System-tested and adapted to the intended purpose

Storage

Cool and dry.

Pack size

2,7 l, 10 l and 27 l metal container

Consumption

depending on the degree of soiling, at least 200 g/m².

Properties

Form	Liquid
------	--------

* Values obtained at a temperature of 23 °C - 50% rel. humidity. These values vary depending on the weather conditions, such as wind, humidity and temperature.

Application

Preparing the substrate

Apply on KEMPEROL surfaces or dirty surfaces with a cloth moistened with KEMCO MEK Cleaning Agent while avoiding the formation of puddles, remove impurities and immediately wipe up the KEMCO MEK Cleaning Agent completely again. Let the solvent of the KEMCO MEK Cleaning Agent evaporate sufficiently before you continue coating.

PPE

Personal protective equipment must be worn.

When applying the product in closed rooms, sufficient ventilation is necessary! Caution: explosion hazard!

Important note

KEMCO MEK Cleaning Agent must only be used according to its intended use as a cleaning agent for surfaces and tools.

Caution: may result in dissolving plastic surfaces (acrylic glass etc.)!

The safety data sheets, the container labelling and the danger and the safety recommendations on the containers must be complied with during transport, storage and processing; as are the chemical trade association information sheets.

Do not allow to enter waters, waste water or soil.

Disposal

liquid	EAK 07 07 04

General information

The times given above are reduced with higher and increased with lower ambient and substrate temperatures. KEMPER SYSTEM products must not be mixed with other manufacturers' products.

Only for commercial use.

Our technical data sheets / technical information and our technical application advice only reflect the current state of knowledge in our company and our experience with our products. With each new edition, the previous technical information loses its validity. It is therefore essential that you always have the latest data sheet to hand. The latest version can be downloaded from kemperol.de under Media > Downloads. When applying and using our products, a detailed, object-related, qualified check is required in each individual case to determine whether the respective product and/or the application technology meets the specific requirements and purposes. We are only liable for the freedom from defects of our products, but only if our respective product has been used and processed in accordance with our processing guidelines in the technical data sheets. The proper and professional processing of our products is therefore the sole responsibility and liability of the user (processor). Our products are sold exclusively on the basis of our terms and conditions of sale and delivery.
